# AGENDA Tuesday - Nov 2

# World Leaders Summit

Time	Event	Participants	Description
10:00 a.m. - 11:00 a.m.	Uniting the world to fight deforestation through sustainable supply chains. Colombia: an inspiring pathway	<p>Carlos Eduardo Correa - Minister of Environment and Sustainable Development</p> <p>Alex Saer - Director of Climate Change and Risk Management, Ministry of the Environment</p> <p>Ruben José Ramírez - Minister of Environment of Peru</p> <p>Joaquim Leite - Minister of Environment of Brazil</p> <p>Maggie Chamley - Deputy Director, International Climate Finance: Forest, Land Use and Carbon Markets</p> <p>Wendy Arenas - Executive Director Allisos and Director Technical Secretariat of Cacao, Bosques &amp; Paz).</p> <p>Justin Adams - Executive Director, Tropical Forest Alliance</p> <p>Ed Davey - Director of Global Strategy FOLU / WRI / UK</p> <p>Mauricio Galindo - Country Director, Rainforest Alliance Colombia</p>	Promote progress and windows of opportunity for the Zero Deforestation Agreements in Colombia.
11:30 a.m. - 12:00 p.m.	Partnership for Sustainable Growth as best practice for joint collaboration.	<p>Nicolás Galarza - Vice Minister of Environment of Colombia</p> <p>Anne Marie Trevelyan - Minister of the United Kingdom</p> <p>Colin Martin-Reynolds- Ambassador of the United Kingdom in Colombia</p>	Build a positive relationship with partners and demonstrate successes and impact to other representatives of the Partnership approach used by Colombia and the UK on climate finance through informal conversation through guiding questions.
12:15 a.m. - 1:00 p.m.	The Government of Colombia and Microsoft join forces to strengthen sustainable economic growth	<p>Brad Smith - President of Microsoft;</p> <p>Carol Ann Browne - Microsoft Global Manager</p> <p>Steve Clayton - Global Public Affairs at Microsoft</p> <p>Iván Duque Márquez, President of the Republic of Colombia</p> <p>María Paula Correa, Chief of Cabinet, Republic of Colombia</p> <p>Carlos Eduardo Correa, Minister of Environment and Sustainable Development of Colombia</p>	Colombia enters the first sustainability platform with global impact, led by Microsoft.
1:15 a.m. - 2:00 p.m.	Resilient Cities Against Climate Change	<p>Hosts</p> <p>Juan Sebastián Abad - Star Mayor</p> <p>Juan David Palacios - Director of the Metropolitan Area of Valle de Aburrá</p>	Presentation of Colombian cities on how each one faces climate change
3:00 a.m. - 3:20 p.m.	Declaration For The Conservation And Management Of Ecosystems Included In The Marine Corridor Of The Eastern Tropical Pacific	<p>Iván Duque , President of Colombia</p> <p>Carlos Alvarado Quesada, President of the Republic of Costa Rica</p> <p>Guillermo Lasso, President of the Republic of Ecuador</p> <p>Laurentino Cortizo Cohen, President of the Republic of Panama</p> <p>Enric Sala, National Geographic Society Explorer-in-Residence</p> <p>Ubaldo Elizondo, Coordinator of the Climate Change Unit of the Development Bank of Latin America</p>	We declare to the world our commitment to the protection of the oceans in recognition of their role in the current climate crisis
3:30 a.m. - 4:00 p.m.	Protocolary signature of the Sustainable and Resilient Growth Program (Policy Based Loan - PBL)	<p>Signatory entities:</p> <p>Government of Colombia</p> <p>Iván Duque Márquez - President of the Republic of Colombia</p> <p>Carlos Eduardo Correa - Minister of Environment of Colombia</p> <p>Mauricio Claver-Carone Inter-American Development Bank (IDB)</p> <p>Witnesses of honor:</p> <p>Government of Sweden,</p> <p>Louisa Herrmann - Senior Advisor for Environment and Climate Policies (Sida).</p> <p>UK Government</p> <p>Colin Martin-Reynolds - United Kingdom Ambassador to Colombia</p>	Loan to the Republic of Colombia for 1,200 million dollars for sustainable and resilient growth.
4:00 a.m. - 5:00 p.m.	Fair Prices Declaration Signature	<p>Carlos Eduardo Correa - Minister of Environment of Colombia</p> <p>Adrian Peña - Minister of the Environment of Uruguay</p> <p>Juan Cabandié - Minister of Environment and Sustainable Development of Argentina</p> <p>Cesar Ariel Oviedo - Minister of the Environment of Paraguay</p> <p>Juan Santos Cruz - Minister of the Environment of Bolivia</p> <p>Rubén José Ramírez - Minister of the Environment of Peru</p> <p>Milciades Concepción - Minister of the Environment of Panama</p> <p>Andrea Meza - Minister of the Environment Costa Rica</p> <p>Gerardo Morales - Governor of the Province of Jujuy in Argentina</p> <p>Luis Mariano Fernández - Secretary General of ZICOSUR</p> <p>Bianca Gichangi - Coordinator Eastern Africa Alliance on Carbon markets and Climate Finance</p> <p>Tamar Zandberg - Israel Minister of the Environment</p>	Socialization of the Declaration of Equity of the Markets
5:00 a.m.	PIGCCME 2025 Launch	<p>Diego Mesa - Minister of Mines and Energy of Colombia</p> <p>Juan Carlos Jobet - Minister of Mines and Energy of Chile</p> <p>Juan Nicolás Galarza - Vice Minister of Environment of Colombia</p> <p>Natalia Gutiérrez - Executive President of the Colombian Association of Electric Power Generators (Asociación)</p>	The Ministry of Mines and Energy of Colombia was the first to have a Comprehensive Climate Change Management Plan for the Energy Mining Sector (PIGCCME) and adopt it through a regulatory act (Decree 1023 of 2023). The PIGCCME is the first

AGENDA  
Wednesday  
Nov 3

Financing

Time	Event	Participants	Description
10:00 a 11:00 a.m.	United Kingdom - Colombia Joint collaboration on clean growth and carbon neutrality (Greening Finance)	Jenny McInnes - Deputy Director / UK Government (BEIS) Benigno López - Vice President of Sectors and Knowledge / IDB Sean Kidney - Managing Director Climate Bonds Initiative (CBI) Clemente del Valle - Director of the Regional Center for Sustainable Finance / Uniandes María Laura Rojas Vallejo / Senior Director - Transforma Ian Milborrow - Partner / PwC Germán Romero - Advisor / Ministry of Finance Laura Ruíz - Advisor / Ministry of Finance	Show initiatives carried out by the UK and Colombia on financing and clean growth.
11:30 a 12:30 p.m.	Marine Protected Areas: Economic benefits of the 30x30 conservation target to 2030.	National Parks of Colombia UK Government Government of France UNESCO NatGeo.	Demonstrate how the costs of the conservation of marine protected areas are surpassed by the economic benefits offered by marine and coastal ecosystems because of their strategic role for as CO2 reservoirs and for biological diversity.
1:00 a 2:00 p.m.	Contribution to climate adaptation and resilience in water management in the Andes	Juan Nicolas Galarza - Vice Minister of Environment of Colombia Miguel Vera, National Technical Leader of Colombia AICCA Project Karina Barrera - Undersecretary of Climate Change - Ministry of the Environment, Water and Ecological Transition of Ecuador. Rubén José Ramírez - Minister of the Environment of Peru Víctor Maita - Minister of Agrarian Development and Irrigation of Peru Rosa Morales - General Director of Climate Change and Desertification - Ministry of the Environment of Peru Cynthia Vargas Head of Mother Earth and Water - Ministry of Foreign Affairs	Presentation of the regional project and its intervention strategy by country: urban storm drainage, territorial governance, hydroelectric sector, minor irrigation sector.
2:30 a 3:30 p.m.	Opportunities to incorporate Nature-Based Solutions into Colombia's Long-Term Strategy	Ángela Andrade - President of the IUCN Ecosystems Commission AliRaza Rizvi: Program Manager, Ecosystem Based Adaptation Javier Mendoza - Long-Term Climate Strategy Coordinator of Colombia Diego Navarrete - Mitigation Leader of TNC-Colombia	High-level dialogue on opportunities to incorporate Nature-Based Solutions into Colombia's Long-Term Strategy.
4:00 a 4:45 p.m.	Presentation of the results of the implementation of projects in the Agricultural value chains of Colombia.	Catalina Piedrahita - GIZ Consultant for the Ministry of the Environment of Colombia Nidya Chaparro - Mitigation Coordinator of the Climate Change Directorate of the Ministry of Environment of Colombia	Results Presentation on Implementing Projects In Agricultural Value Chains Of Colombia.
5:30 a 6:30 p.m.	Climate finance strategies and private sector involvement	Santiago Aparicio - Director of Environment and Sustainable Development, National Planning Department. Guest: Mr. Henry González - Director of Private sector Facility - GEF	Presentation of business sector strategy in climate risk management and climate financing.

# AGENDA Thursday – Nov 4

## Energy

Time	Event	Participants	Description
11:10 a.m. a 12:40 p.m.	Contributions From Electric Sector In Decarbonizing Colombia. Opportunities To Achieve Carbon Neutrality By 2050	Diego Mesa Puyo - Minister of Mines and Energy of Colombia Javier Mendoza Coordinator E2050 Ministry of Environment and Sustainable Development María Nohemí Arboleda - XM General Manager Natalia Gutiérrez - Executive President ACOLGEN	Present advances in energy transition, FNCER integration, promotion of sustainable mobility and challenges and opportunities to achieve carbon neutrality. Electricity in Colombian economy to achieve carbon neutrality.
1:00 a 2:00 p.m.	Role of the Hydrocarbon Industry In The Carbon Neutrality And Climate Resilience Of The Colombian Economy	Diego Mesa Puyo - Minister of Mines and Energy of Colombia Juan Nicolás Galarza - Vice Minister of Environment of Colombia Felipe Bayón - President Ecopetrol Francisco Lloreda - President of the ACP (Colombian Petroleum Association) Silvana Habib - Vice President of Operations and Sustainability ACP Luz Stella Murgas - President Natargas Jim Herbertson - Technical Director of Climate and Energy IPIECA	Comprehension and awareness of carbon neutrality strategy in hydrocarbon industry.
2:30 a 3:30 p.m.	Synergies between the Public And Private Sectors To Promote Extraction Of Raw Materials Low In Emissions And Efficient Use Of Resources In Colombia And Chile	Alex Saer - Director of Climate Change of the Ministry of Environment and Sustainable Development of Colombia  Diego Grajales, Climate Change Coordinator of the Ministry of Mines and Energy of Colombia (Minenergía) res	Presentation. Progress made on:  (i) Just transition: experiences in productive diversification in Cesar and Guajira and (ii) Mining diversification for energy transition: exploration agenda (ExploraCO) and diversification goals on gold and copper.  Present progress from the mining sector on climate change management (MaPRIC. GIZ strategy)
4:00 a 5:00 p.m.	Progress in reducing Nitrous Oxide emissions through the Nitric Acid Climate Action Group (NACAG) initiative.	Alex Saer - Director of Climate Change and Risk Management, Ministry of the Environment Silke Karcher – Head of Division IK II 5 EU Climate and Energy Policy, European Climate Initiative (EUKI) Carbon Markets Federal Ministry for the Environment, Nature Conservation and Nuclear Safety (BMU) YARA Colombia Colombo-Venezuelan monomers	Progress in reducing Nitrous Oxide emissions through the Nitric Acid Climate Action Group (NACAG) initiative.

# AGENDA Friday - Nov 5

## Empowering Juveniles and the General Public

Time	Event	Participants	Description
10:00 a 11:00 a.m.	Indigenous Peoples of the Colombian Amazon and their contribution To Stopping Deforestation	Juan Nicolas Galarza - Vice Minister of Environment of Colombia Juan José Yunis - Amazon Vision Program Coordinator Mateo Estrada and Fanny Kuiru -National Organization of Indigenous Peoples of the Colombian Amazon (OPIAC)	Present <b>how</b> REM Colombia - Vision Amazon program (initiative supported by the UK, Germany and Norway) <b>recognizes</b> indigenous peoples, their ancestral and cultural role in conserving the environment and natural resources.
11:30 a 12:30 p.m.	National Goals for Adaptation to Climate Change: Colombia.	Alex Saer - Director of Climate Change and Risk Management, Ministry of the Environment of Colombia. Carolina Useche - E2050 Fitting Advisor from Colombia	Presentation on NDC adaptation advances and needs found when updating the NDC and E2050 Climate Resilience of Colombia
1:00 a 2:00 p.m.	CLI-MATES - Humming for change	Carlos Urrego - GROW Colombia Colin Martin-Reynolds - United Kingdom Ambassador to Colombia Antonio José Ardila - Ambassador of Colombia to the United Kingdom	Aimed at explaining achievements and actions developed under the environmental education strategy (Humming For Change) of the British Embassy in Colombia. Additionally, event will present different educational tools and projects seeking to link children, juveniles, teachers and parents from rural and urban areas of Colombia to different initiatives to take clear actions to mitigate climate change effects.
2:30 a 3:30 p.m.	Nature-Based Solutions (NBS) For Adaptation And Mitigation To Climate Change In Agriculture	Angelo Quintero Palacio, Director of Innovation, Technological Development and Health Protection - Ministry of Agriculture and Rural Development Philipp Behrens - Director International Climate Initiative (IKI) German Federal Ministry for the Environment, Nature Conservation and Nuclear Safety (BMU) Marcia Toledo, Director Public Institutions Europe The Nature Conservancy (TNC) Zitouni Ould-Dada, Deputy Director, Office of Climate Change, Biodiversity and Environment (OCB) FAO	Debate between different actors on advances, approaches, needs and challenges in promotion, implementation and expansion of Nature-Based Solutions (NBS) for climate adaptation and mitigation in the agricultural sector.  High-level dialogue on opportunities to incorporate Nature-Based Solutions into Colombia's Long-Term Strategy.
4:00 a 5:00 p.m.	Sharing Colombia's Carbon Market Experience	Alex Saer - Ministry of Environment and Sustainable Development Felipe Bayón - EcoPetrol Juan David Durán - EcoRegistry Ana Milena Plata - Biofix	Share most valuable lessons from current carbon market in Colombia, how dynamics of collaborative work, association and market development have been.  Also, how stakeholders are organizing for other markets such as the emissions trading system, CORSIA and the benefits associated with solutions based on nature and biodiversity.

## AGENDA Saturday – Nov 6

### Nature

Time	Event	Participants	Description
10:00 a 11:00 a.m.	Launch of the Colombia Heritage Program  Resilient Landscapes that Contribute to climate Commitments.	Juan Nicolas Galarza - Vice Minister of Environment of Colombia  Juan Pablo Bonilla, Manager of the IDB Climate Change and Sustainable Development Sector  Verónica Gálmez Márquez - Ecosystems Management Senior Specialist GCF  Walter Vergara - Senior Fellow at WRI  Carlos Manuel Rodríguez, CEO GEF  David Mc Cauley / WWF - Facilitator (TBD)	A través de un diálogo de alto nivel multi-actor dar a conocer las oportunidades para movilizar y canalizar diferentes flujos financieros públicos y privados para la implementación del programa Herencia Colombia para dar cumplimiento a los compromisos climáticos y de biodiversidad del país, fortaleciendo las soluciones basadas en la naturaleza.
11:30 a 12:30 p.m.	Strategic contributions of the Preparedness Program for National Adaptation To Climate Change and its Support to Decision-Making Processes through Climate Action Tool.	Santiago Aparicio - Director of Environment and Sustainable Development -National Planning Department of Colombia (DNP) Catalina Piedrahita - GIZ Consultant -Ministry of Environment	Presentar los resultados del programa de preparación para la adaptación en Colombia y la herramienta de acción climática como un insumo que permite la toma de decisiones.
2:00 a 2:50 p.m.	The Power of Collaboration: Lessons Learned from the Colombia-UK Alliance to Curb Deforestation	José Yunis - Director of the Amazon Vision Program / Ministry of Environment Maggie Charnley - Deputy Director for Forest and Land Use / UK Government, BEIS Terry Green - Director of Climate, Environment and Natural Resources / Palladium	Present and discuss achievements and challenges in three key areas of the UK COL forest and land use programs to share best practices and lessons learned with other countries, donors and NGOs attending the Colombia Pavilion.
3:00 a 3:50 p.m.	Developing Nature Based Solutions (NBS) and biodiversity offsets projects in Colombia	Maria Adelaida Correa - ISA, ISA Jaguar Connection Program Ángela Andrade - Conservation International Diego Navarrete - TNC Juan David Durán - EcoRegistry	Open to the possibility of strengthening emerging initiatives and investing in robust markets to generate positive impacts on climate and biodiversity
4:00 a 5:00 p.m.	Biocarbon Fund Project and CSICAP Program	Andy Jarvis - Associate Director General, Research Strategy and Innovation, Biodiversity Alliance - CIAT  Andres Felipe Marmolejo - Head of Cooperation and International Affairs Unit - IDEAM  Rodolfo Zea - Minister of Agriculture and Rural Development of Colombia	Results Presentation on CSICAP Project and Biocarbon Fund
5:30 a 6:30 p.m.	Sustainable Use Of Non-Timber Forest Products And Their Contribution To National Goals.	Ministry of Environment and Sustainable Development of Colombia Ministry of Agriculture and Rural Development SINCHI Institute Amazon Vision Program	Discussion to see how sustainable use of non-timber products contributes to national goals

## AGENDA Monday – Nov 8

## Adaptation Loss & Damage

Time	Event	Participants	Description
10:00 a 11:00 a.m.	Climate Change Resilient Cities	Participants: Carlos Mario Marín - Mayor of Manizales; Álvaro Barrera - Mayor Topagá	In this event we want to show you how Colombian cities face climate change
11:30 a 12:30 p.m.	“Climate Resilience Network for Zero Hunger” and experience on adapting to climate change for food security in black and indigenous communities in South America	Juan Nicolas Galarza - Vice Minister of Environment of Colombia Ecuador - World Food Program  In person: One MAATE, one PMA, one Ministry of Environment..	Explore importance of food and nutrition security as strategy to strengthen resilience of communities and their adaptation efforts. For this reason, concept of Climate Resilience Network for Zero Hunger proposed by WFP will be reviewed.
1:00 a 2:00 p.m.	Sectoral Actions for the Fulfillment of the Adaptation Goals of the Updated Nationally Determined Contributions (NDC)	Alex Jose Saer - Director of Climate Change and Risk Management Ministry of Environment, Diego Grajales Coordinator of the Climate Change Management Group – M. of Energy Ángelo Quintero M. of Agriculture, Juanita González TNC María Eugenia Rinaudo - EAN	Presentation of aims/bets from the environmental sector and steps to follow towards fulfilling NDC adaptation goals.  Discussion between Ministry of Environment of Colombia, Ministry of Agriculture, Ministry of Mines and The Nature Conservancy (TNC)
4:00 a 5:00 p.m.	Progress in the management of climatic risks in the operations and in the environment of the hydrocarbon industry	Participants: Daniel Escobar Carbonari - Associate Researcher - CIAT Diego Grajales - Coordinator of the Climate Change Management Group - Minenergía, Alex José Saer - Director of Climate Change and Risk Management - Ministry of Environment	Presentation Of A Pilot Adaptation Project Structuring On Climate Risk Management Regarding Hydrocarbon Industry Operations
5:30 a 6:30 p.m.	Health Co-Benefits From Emission Reduction By NDC Appliance	Participants: Tara Neville - Technical Officer / WHO Joseph Spadaro - Senior Scientific Researcher / SERC Lina Guerrero - Specialized professional / M. of Health	Results from the study on health co-benefits from emission reduction by NDC appliance will be presented and tool used will be shown, as well as calculations to quantifying them.

# AGENDA Tuesday – Nov 9

## Gender

Time	Event	Participants	Description
10:00 a 11:00 a.m.	Protecting and Enhancing Natural Carbon Sinks: Natural climate and community solutions (NCCS)	Juan Nicolas Galarza - Vice Minister of Environment of Colombia Maria Zuber - Vice-President of Research at the Massachusetts Institute of Technology MIT Sergio Díaz-Granados - Executive President of CAF Development Bank of Latin America John E. Fernández - Director, MIT Environmental Solutions Initiative Yolanda González Hernández - Director, IDEAM Carlos Nobre - Scientist and researcher, Institute for Advanced Studies University of São Paulo Julián Suárez, Vice President of Sustainable Development, CAF Development Bank of Latin America Marcela Angel, Research Associate, MIT Environmental Solutions Initiative	Launch of the Climate Grand Challenges collaboration between MIT and entities of the Colombian National Environmental System with the objective of protecting tropical forests, through an integration of targeted technology breakthroughs, deep community engagement, and innovative bioeconomic opportunities.
11:30 a 12:30 p.m.	Data Analysis From Satellite Deforestation Monitoring In Colombia	Jose Yunis – Visión Amazonía Program Yolanda Gonzalez- Director of the Institute of Hydrology, Meteorology and Environmental Studies	Present figures produced by Forest and Carbon Monitoring System in Colombia and data analysis that allows both the active nuclei of deforestation and deforestation drivers to be identified. Quantitative and qualitative information that allows directing economic, social and environmental investment to contain deforestation.
2:30 a 3:30 p.m.	Launch Of ENANDES Regional Project “Improving The Adaptation Capacity Of Andean Communities Through Climate Services” In Colombia.	Reinaldo Gutiérrez Cisterna - Meteorological Directorate of Chile Ken Takahashi Guevara - President of the National Meteorology and Hydrology Service of Peru (SENAMHI) Yolanda Gonzalez- Director of the Institute of Hydrology, Meteorology and Environmental Studies (IDEAM)	With Enandes project, we hope to inform international community on implementation status of national frameworks for climate services in Andean countries. We also seek to state relevance and need for financing these processes and explain how multilateral organizations and environmental funds are planning to support countries.
4:00 a 5:00 p.m.	Colombia Embarks On The Path To Monitoring And Evaluating Climate Change Adaptation	Alex José Saer - Director of Climate Change and Risk Management - Ministry of the Environment of Colombia Juanita González - The Nature Conservancy (TNC) Catalina Piedrahita - Ministry of the Environment of Colombia, AICCA Project	Presentation regarding development on adaptation, monitoring and evaluation in Colombia. Discussion between Ministry of Environment and Projects (ABE Metrics of TNC and AICCA Project)
5:30 a 6:30 p.m.	Fair And Sustainable Forest Carbon Initiatives In Indigenous Territories Or Local Communities In Latin America.	Natalia González Romero - Program Coordinator, Climate ICCO in Latin America Indigenous leader. Technical Advisor Embera and Wounaan Nation José Quej, Guatemala Indigenous leader. Representative Enredémonos por el Corazón Verde, Local Reddes Project Andrea Vera - Natural Carbon Solutions Senior Manager, Forliance Marcel Spaas - Business Developer Nature Based Solutions FairClimate Fund Elizabeth Valenzuela - Technical Director, Fondo Acción	Contrast and combine perspectives to build conclusions, lessons learned and possible alerts on key issues on barriers to entry, rights, benefit sharing, and safeguards based on critical analysis on how programs and projects financed by main markets (regulated and voluntary carbon markets), as well as international climate financing in light of concrete experiences of indigenous peoples, local communities and allies already developing initiatives in the territories.

# AGENDA

## Wednesday – Nov 10

# Transportation Sector

Time	Event	Participants	Description
10:00 a.m. to 11:00 a.m.	Driving the global transition to zero emission transport. Complementando la movilidad sostenible, una estrategia intermodal	Ángela María Orozco Gómez – Ministry of Transport Sandra Ángel - Coordinator of the Sustainable Urban Mobility Unit Ministry of Transport of Colombia  Diego Morales Vice President of Planning - National Infrastructure Agency	La estrategia de reducción de emisiones del sector transporte en Colombia parte de la renovación del parque automotor. Sin embargo, una de las principales estrategias es el fomento a la intermodalidad en el país a través de la implementación de dos proyectos uno fluvial y uno férreo, que tienen entre sus principales objetivos la sostenibilidad ambiental y social.
11:30 a.m. to 12:30 p.m.	Driving the global transition to zero emission transport. Lineamientos de infraestructura verde vial	Juan Nicolas Galarza - Vice Minister of Environment of Colombia Sandra Ángel - Coordinator of the Sustainable Urban Mobility Unit Ministry of Transport of Colombia  Ximena Barrera Rey Director of Government Relations and International Affairs World Wildlife Fund (WWF)  Diego Morales Vice President of Planning - National Infrastructure Agency	Los lineamientos de infraestructura verde vial – LIVV, fueron desarrollados en el marco de la Agenda Ambiental Interministerial, gracias al trabajo conjunto entre el Ministerio de Ambiente y Desarrollo Sostenible, el Ministerio de Transporte, la ANI, el INVIAS, el DNP y el apoyo de la Fundación para la Conservación y el Desarrollo Sostenible (FCDS) y World Wildlife Fund (WWF). En este espacio se presentarán los lineamientos, el proceso de construcción de estos, las pruebas piloto que se han realizado y sus resultados y el impacto en Colombia.
1:00 p.m. to 2:00 p.m.	Driving the global transition to zero emission transport. Estrategia de movilidad Eléctrica Min Transporte	Camilo Pabón (V) Vice Minister of Transportation Ministry of Transportation of Colombia  Sandra Ángel - Coordinator of the Sustainable Urban Mobility Unit Ministry of Transport of Colombia	La ENME ha sido una estrategia exitosa que de manera intersectorial propuso una serie de acciones transformadoras que han permitido que el mercado de vehículos eléctricos avance a pasos agigantados. En este sentido se presentaría que es la ENME, como se construyó y cuáles son los resultados que ha dado en estos 2 años desde su formulación
2:30 p.m. to 4:30 p.m.	Driving the global transition to zero emission transport. Panel: Sistema de Transporte Público Cero Emisiones	Sandra Angel Coordinator of the Sustainable Urban Mobility Unit Group Ministry of Transport of Colombia  Felipe Ramirez General Manager, Empresa del Tercer Milenio - TransMilenio S.A.  Leonardo Cannon Rubiano Urban Transport Specialist - World Bank  Adriana Lobo Executive Director - World Resources Institute (WRI)  Andres Martinez Senior Advisor - Deutsche Gesellschaft für Internationale Zusammenarbeit GmbH (GIZ)  Jens Giersdorf (V) Director. E-Bus TUMI Initiative - Deutsche Gesellschaft für Internationale Zusammenarbeit GmbH (GIZ)	Strategies and business models for adoption electric buses for public transport systems with over 600 thousand inhabitants, case studies of three Colombian cities with Integrated Mass Transportation Systems (Cali, Bucaramanga, and Pereira).
4:30 p.m. to 5:00 p.m.	Conclusions regarding Sustainable Transportation	Camilo Pabón Vice Minister of Transport Ministry  Sandra Angel Coordinator of the Sustainable Urban Mobility Unit Group Ministry of Transport of Colombia	Conclusions regarding Sustainable Transportation
5:30 p.m.	Colombia's Experience	Participants: Alex Ocasio - Director PAROP, Ministry of Environment	Mitigation scenario will be presented and methodology on complete

EnLa COP26  
cop26.minambiente.gov.co

# AGENDA

## Thursday – Nov 11

Time	Event	Participants	Description
11:30 a 12:30 p.m.	Importance Of National Assessments On Biodiversity And Ecosystem Services To Face Climate Change.	Ati Villafañe - Researcher from the Alexander Von Humboldt Biological Resources Research Institute UNEP World Conservation Monitoring Center (WCMC).	<p>Presentation of national evaluations and on importance of Colombia Evaluation to face climate change: findings and awareness of main messages.</p> <p>Dialogue session with participants.</p>
2:30 a 3:30 p.m.	Supporting National Action and Planning on SLCP Mitigation.	CCAC Secretariat, Tiy Chung, Johan Kuylentierra, Chris Malley	<p>Present and launch Colombia's first progress report on implementing National Strategy to Reduce Short-Life Climate Pollutants (SLCPs).</p> <p>Event would provide a SLCP overview and their importance for climate change mitigation. Explain why Colombia developed the National Strategy on SLCPs, and outline key progress made in implementing the strategy, and next steps as well.</p>
4:00 a 5:00 p.m.	Climate 4.0 and How Technology Provides Solutions for a Sustainable World	<p>Juan David Durán - EcoRegistry</p> <p>Tom Baumann / Miroslav Polzer - Climate Chain Coalition</p> <p>Daniele Perginotti - Carbon Footprint Italy</p> <p>Susan Daveric - World Bank (TBC)</p> <p>Moderator: Andrea Bonzanni - IETA (TBC)</p>	<p>Demonstrate technological potential for climate markets and share success stories and latest initiatives in Colombia and the world.</p>
